

## 2019 Professional Development Opportunities

**This site will be updated on a frequent basis so please check back often to explore other professional development opportunities.**

There are several Professional Development Opportunities provided this summer.

There are eight required days of in-service annually: Summer (2); System wide In-service (1); Workdays at schools (3); Parent Teacher Conferences (1); Faculty meetings throughout the year (1).

If a teacher chooses the stipend option, they may not count that day towards the in-service requirement (**only one stipend can be chosen each year**). Additional in-service time that is accumulated may be used toward license renewal and should be documented on the annual professional development form that is returned to Central Office.

Assistants are also invited to attend if space is available.

**All in-services begin at 9:00 and end at 3:00 unless otherwise noted.**
